Dr. N. Knezacek - Dr. S. Benoit - Dr. B. Schweiger

As of July 11th, 2021 the Government of Saskatchewan has lifted the remaining COVID-19 restrictions. Although this makes us extremely happy, we are asking you to please wear a mask in most areas of the office to help keep everyone safe, including our more vulnerable patients. We will be continuing the same cleaning/sanitizing protocols in our office.

We ask that if you are feeling unwell or required to quarantine, please reschedule your appointments.

It is still recommended to book appointments for all services, including glasses pick ups and adjustments.

We look forward to seeing you soon. Continue to stay safe!
